

Fellows Track

Thursday, May 2, 2019
10:00 AM – 3:30 PM

COURSE MODERATORS: Susan Boolbol, MD and Brigid Killelea, MD

FACULTY: Susan Boolbol, MD; Lisa Curcio, MD; J. Michael Dixon, OBE, MD; Jordan Jacobs, MD; Brigid Killelea, MD; Julie Margenthaler, MD; Tara Sanft, MD; Julia Shaner, CGC

COURSE DESCRIPTION:

This program, which is being offered free of charge, is designed for breast surgery fellows participating in a year-long multidisciplinary breast surgery fellowship program, as well as residents entering or interested in participating in a breast fellowship. The lectures will provide supplemental information on a number of relevant topics for those about to begin a practice, including genetics, genomics, neoadjuvant therapies, clinical trials, adjuvant therapies, and salary negotiation information. CME credit will not be offered.

CRITERIA FOR PARTICIPATION:

Participation in the program is reserved for fellows participating in a year-long multidisciplinary breast surgery fellowship program and residents entering or interested in a breast fellowship. Fellows who are registered for the Annual Meeting may attend this program free of charge. However, attendees must also pre-register for the Fellows Track. *All non-member fellows or residents must provide a letter from their program director verifying their status to register for both the Fellows Track and Annual Meeting.*

COURSE OBJECTIVES:

At the conclusion of this course, participants should be able to:

- Discuss key concepts related to adjuvant therapy, genetics, and genomics.
- Understand available clinical trials.
- Understand the basics of starting a breast practice.
- Conduct more effective salary and contract negotiations.

CME Information: This is a non-CME activity
