Dallas, Texas

April 30 - May 5, 2019

Myriad myRisk® Hereditary Cancer is a 35-gene panel that helps to determine your cancer risk by evaluating a number of hereditary cancer syndromes. myRisk offers accurate, affordable, and accessible testing.

Learn more at MyriadmyRisk.com

EndoPredict® is a genomic test for women with ER+/HER2-, early-stage breast cancer and provides three results you and your physician can use when determining the treatments that are right for you.

Dear Colleagues,

On behalf of our Society president Dr. Walton Taylor, the board of directors, and the annual meeting committee, I welcome you to the 20th Annual Meeting of The American Society of Breast Surgeons.

We are excited to share a great program that we have planned for you. The overarching goal of this year's meeting is to prepare our members to be comprehensive breast care physicians of the future, which includes an emphasis on treatment innovation. We assume that you are already practicing the "standard of care." This year, we are committed to helping you elevate that "standard of care" in our never-ending effort to improve the efficacy, safety, and quality of breast care for our patients.

General Session

I am delighted to announce that we will be welcoming, as our keynote speaker, Academy Award-winning actress and lymphedema advocate Kathy Bates, who will highlight the Society's increased focus on breast cancer-related lymphedema, including our inaugural pre-meeting course and cadaver lab on Surgical Prevention and Management of Lymphedema.

As part of our emphasis on surgical innovation, this year's meeting will reprise the John Wayne Cancer Institute's critical issues in breast cancer forum, which will feature the latest trials of cryoablation, robotic nipple-sparing mastectomy, and intraoperative radiotherapy. Furthermore, the first annual Hoag Hospital Foundation Surgical Innovation Forum will feature a special lecture presentation by Dr. Melvin J. Silverstein and introduce the Society's Oncoplastic Surgery Credentialing Program.

In keeping with the theme of innovation, we will also feature presentations and discussions on other cutting-edge topics, including percutaneous management of breast cancer after a pCR, updates on the RTOG and Alliance radiation trials, breast cancer immunotherapy, nipple-sparing mastectomy in large breasts, surgeon-performed nerve blocks and pain management, prevention of lateral mastectomy dog ears, oral presen-

tations of the latest research, and a selection of "hot topic" Sunrise Workshop sessions. You will also be able to see the latest technology in our Exhibit Hall while networking with colleagues during breaks and social functions.

Expect to see many more videos of surgical procedures throughout the annual meeting, as well as our annual "How I Do It" video competition, to correspond with the launch of the Society's Online Video Library. We will complement our emphasis on innovation and video documentation with ethics lectures on obtaining informed consent for first time procedures and the Society's position statement on medical photography.

Pre-Meeting Courses

The 2019 meeting will start one day earlier to keep up with demand for a wider range of pre-meeting courses. We will once again feature both beginner and intermediate level oncoplastic skills courses, including cadaver labs at the UT Southwestern Medical Center. For those who could not register before the ever-popular oncoplastic courses sold out, we have added an Oncoplastic Surgery Primer on the final day of the general session to highlight key principles of oncoplastic surgery.

We have also programmed the always popular introductory breast ultrasound, stereotactic breast biopsy, and coding and documentation courses. In addition to the lymphedema surgery course and lab, we are excited to offer new courses on endocrine therapy for surgeons and advanced breast imaging, along with very practical courses in genetics and managing benign breast disease.

With so much going on, I apologize in advance if you cannot attend every pre-meeting course and Sunrise Workshop that interests you, but I am confident you will leave this year's meeting with many new insights and approaches to offer your patients.

Sincerely,

Dennis R. Holmes, MD, FACS 20th Annual Meeting Chair

CME INFORMATION

Meeting Objectives

Upon completion of this live activity, participants should be able to

- Identify current treatment and management options for breast patients
- Assess available studies of breast patients

Target Audience

Surgeons with a special interest in the treatment of breast disease.

Accreditation

The American Society of Breast Surgeons is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Earn up to 23.75 Category 1 Credit(s)™ Toward Part 2 of ABS Maintenance of Certification (MOC)

A selection of pre-meeting courses will not only provide an opportunity for surgeons to earn AMA PRA Category 1 Credit(s)™, but will also include the self-assessment activities necessary to claim AMA PRA Category 1 Credit(s)™ toward Part 2 of the American Board of Surgery (ABS) Maintenance of Certification (MOC) Program. These activities are identified in the agenda by this icon:

MOC

To earn credit, log in to your breastsurgeons.org account, click on "My Annual Meeting" under the Annual Meeting tab, and complete the following:

- 1. Online evaluations for the programs you have attended (CME).
- 2. Online pre-meeting course posttests with a minimum score of 75%, no later than June 17 (MOC).

DISCLOSURE INFORMATION

In compliance with ACCME Accreditation Criteria, The American Society of Breast Surgeons, as the accredited provider of this activity, must ensure that anyone in a position to control the content of the educational activity has disclosed all relevant financial relationships with any commercial interest. All reported conflicts have been managed by a designated official to ensure a bias-free presentation. General session disclosures are provided to all attendees separately. Pre-meeting course disclosures are provided in the course programs.

AMA Credit Designation

Pre-Meeting Courses

TUESDAY, APRIL 30

FULL-DAY COURSES

Beginner Oncoplastic Skills Course with Mastotrainer and Cadaver Lab

The American Society of Breast Surgeons designates this live activity for a maximum of **8.5** AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

MOC = 8.5 credits

Intermediate Oncoplastic Skills Course with Mastotrainer and Cadaver Lab

The American Society of Breast Surgeons designates this live activity for a maximum of **8.5** AMA PRA Category 1 CreditsTM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

MOC = 8.5 credits

WEDNESDAY, MAY 1

FULL-DAY COURSES

Surgical Techniques for the Prevention and Management of Lymphedema: LYMPHA, Axillary Reverse Mapping, Lymph Node Transfer With Cadaver Lab

The American Society of Breast Surgeons designates this live activity for a maximum of **8** AMA PRA Category 1 Credits[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Genetics Primer for Breast Surgeons

The American Society of Breast Surgeons designates this live activity for a maximum of **7.5** AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Stereotactic Breast Biopsy: An Introductory Course

The American Society of Breast Surgeons designates this live activity for a maximum of **8** AMA PRA Category 1 CreditsTM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

MOC = 8 credits

HALF-DAY COURSES

Back to Basics Refresher: Practical Application of Breast Imaging to Enhance Your Clinical Practice and Improve Patient Outcomes

The American Society of Breast Surgeons designates this live activity for a maximum of **5** AMA PRA Category 1 CreditsTM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Endocrine Therapy for Surgeons: Chemoprevention, Neoadjuvant, and Adjuvant Endocrine Therapy

The American Society of Breast Surgeons designates this live activity for a maximum of **4.25** AMA PRA Category 1 CreditsTM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Basic Coding and Documentation

The American Society of Breast Surgeons designates this live activity for a maximum of **2** AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Advanced Coding and Documentation

The American Society of Breast Surgeons designates this live activity for a maximum of **2.75** AMA PRA Category 1 CreditsTM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

THURSDAY, MAY 2

FULL-DAY COURSES

Breast Ultrasound: An Introductory Course

The American Society of Breast Surgeons designates this live activity for a maximum of **7.25** AMA PRA Category 1 CreditsTM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

MOC = 7.25 credits

Survivorship: How to Set Up a Survivorship Program that Fulfills ASCO, CoC and NAPBC Criteria With Integrative Approaches to Breast Cancer Survivorship

The American Society of Breast Surgeons designates this live activity for a maximum of **7.5** *AMA PRA Category 1 Credits*TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Surgical Techniques to Manage Benign and High-Risk Breast Disease: How I Do It

The American Society of Breast Surgeons designates this live activity for a maximum of **6.5** AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

HALF-DAY COURSES

Advanced Breast Imaging: MBI, ABUS, Tomo, CE-MRI, Fast-MRI, Breast PEM

The American Society of Breast Surgeons designates this live activity for a maximum of **4.75** AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

GENERAL SESSION

THURSDAY – SUNDAY, MAY 2-5

The American Society of Breast Surgeons designates this live activity for a maximum of **21.25** *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

- Thursday, May 2 = 1.25 AMA PRA Category 1 Credits™
- Friday, May 3 = 8.5 AMA PRA Category 1 Credits[™] (this includes the Sunrise Workshops)
- Saturday, May 4 = 7.5 AMA PRA Category 1 CreditsTM
- Sunday, May 5 = 4 AMA PRA Category 1 Credits™

Helpful Hints

- Wear your badge to all ASBrS sessions and events, including all social events. Badge pickup is located at the registration desk. Badges are required for entry to all sessions and events.
- The meeting rooms in the hotel tend to be cool. It's a good idea to bring a sweater or something similar you can throw on if you get cold.
- Wear comfortable shoes: you'll be walking a lot and may be on your feet for hours at a time.
- Carry plenty of business cards.
- Get social! Share your thoughts, photos, and ideas about this year's annual meeting. Follow #ASBrS19 on Twitter or find the Society on Facebook.

- Find where you're going by accessing our conference maps in the app, program, or signs.
- Use the online program and Meeting App to get a head start on planning your conference schedule and contacting attendees with similar interests and needs.
- Printed course materials will not be provided onsite. Two complimentary cyber cafés with printers will be available throughout the conference.
- Put your tickets in a safe place so you will not lose them. A good place is in the back of your badge holder. This is also a good place for business cards.

Download the ASBrS 20th Annual Meeting Mobile App! Navigate the event like a pro with the ASBrS 2019 mobile app

With the ASBrS 2019 mobile app, you can:

- NEW: View #ASBrS19 meeting abstracts after May 2 at 11:30am CT.
- Stay organized with up-to-theminute Exhibitor, Speaker, and Event information
- Sync the app across all your devices with Multi-Device Sync
- Receive important real-time communications from ASBrS
- Build a personalized schedule and bookmark exhibitors

- · Locate sessions and exhibitors on the Hilton Anatole venue maps
- Find attendees and connect with your colleagues
- Stay in-the-know and join the conversation using the Social Media icon #ASBrS19
- · And much, much more!

Downloading the App is Easy!

SCAN: Use your devices QR code scanner to quickly find the ASBrS 2019

SEARCH: The App Store or Google Play for "ASBrS Annual Meeting"

Point your mobile browser to www.core-apps.com/dl/asbrs2019 to be directed to the proper download version for your device.

Platform Compatibility: Android v4x+ and iOS v7x+

Should you have any questions, please contact support@core-apps.com

Stay Connected!

Share your thoughts, photos and ideas about this year's annual meeting.

Follow #ASBrS19 on Twitter or

find the Society on Facebook.

Charging Stations and Cyber Cafe are in the Trinity Prefunction and Peacock Foyer. Additional charging stations are located in the general session hall.

GENERAL INFORMATION

Audience Engagement Technology through Poll Everywhere

Participate in Q&A Using Poll Everywhere

All general sessions with Q&A or panel discussion time will allow the audience participation via eQ&A. Please follow the instructions below to submit your questions for speakers via cell phone or other electronic device:

To submit a question via text message

(Text message rates may apply.)

- 1. Text ASBRS to 22333.
- 2. You will receive a confirmation text that you have joined the eQ&A session.
- 3. To submit a question, reply to the confirmation text. Lead with your last name and home state abbreviation (for example: Smith, TX), then input your question.
- 4. Send your message.

NOTE: Questions submitted by text are limited to 140 characters. Texts submitted over the character limit will be truncated and sent to the session moderator as separate texts.

To submit a question via Poll Everywhere website

(preferred option for international attendees)

- Connect to the Internet using the ASBrS Meeting Wi-Fi Network: ASBS2019 Password: asbs2019.
- 2. Open a Web browser on your phone, tablet, or laptop.
- 3. Go to pollev.com/ASBRS.
- 4. The screen will update automatically when eQ&A is open.
- 5. To submit a question, lead with your last name and state (if not from the USA, use country instead of state), then enter your question into the dialogue box; and select "Submit Response."

Foundation Table

Thursday.....2:00 PM-4:00 PM Friday9:00 AM-4:30 PM

breast360.org

engage • educate • empower

breast360.org is a patient resource provided by The American Society of Breast Surgeons Foundation www.breastsurgeonsfoundation.org

Visit the American Society of Breast Surgeons Foundation Table; Get a Chance to win a \$500, \$250, or \$100 American Express Gift Card; and Find Below-retail Deals in the Online Silent Auction

How to Participate in the Explore for More Program:

- 1. Look for the Explore for More card in your printed program.
- 2. Visit the exhibitors listed on the card.
- 3. Drop off your card at the American Society of Breast Surgeons Foundation Table.

How to Participate in the Online Silent Auction:

- View the auction items at the Foundation Table or online at https://www.32auctions.com/ASBrS Foundation
- 2. Create an account at this website, when you found what you'd like to bid on or purchase.
- 3. Purchase or bid on items May 1-May 4.

Other Great Reasons to Visit the American Society of Breast Surgeons Foundation Table:

- 1. Get a fancy lanyard for your attendee badge.
- 2. Turn in your Explore for More card for chances to win gift cards and prizes!
- 3. Pick up free Breast360 cards that you can hand out to patients, complementing your clinical guidance and care.
- 4. Make a charitable donation that supports the Foundation's public outreach, promoting patients, and helping underserved populations.

Thank you in advance for participating and supporting the American Society of Breast Surgeons Foundation, a 501(c)3 charitable organization, dedicated to advancing breast care to all populations, and enhancing the patient's experience.

Conference Video and Photography Policy

GENERAL SESSION:

Non-flash photography and audio or video recording using hand-held equipment for strictly personal, social, or noncommercial use are permitted in the general session if not disruptive as determined by ASBrS. However, recording or livestreaming sessions or presentations in their entirety is strictly prohibited without prior permission from the ASBrS. ASBrS and the authors/presenters (as appropriate) retain copyright to their own work and reserve the right to ask for takedown of copyrighted material, this policy notwithstanding.

PRE-MEETING COURSES:

Photography & video recordings are strictly prohibited.

Next-Day Access to General Session Presentations and Evaluations Available to Meeting Attendees

2019 meeting attendees will be able to view and/or download general session PowerPoint presentations (with some exceptions) via the Society website approximately 24 hours following each live presentation. To access, you must log onto www.breastsurgeons.org as a member or registered user and be a 2019 annual meeting registrant.

Free Online Access to Video Recordings of General Session for All Registered Attendees

Video recordings of each general session presentation, integrated with the PowerPoint presentations (with some exceptions), will be available online FREE to all meeting registrants approximately 4 to 6 weeks following the meeting. Providing materials online following the program ensures that attendees have access to the actual presentations used by each speaker onsite.

PRE-MEETING COURSES

TUESDAY, APRIL 30

7:00 AM-4:30 PM Beginner Oncoplastic Skills Course With Mastotrainer

and Cadaver Lab MOC

Lecture: Governors Lecture Hall
Lab: UT Southwestern Medical Center

Transportation will be provided for those participating in the lab.

2016 - 2017	Sheldon M. Feldman, MD
2017 - 2018	Steven L. Chen, MD, MBA

SATURDAY, MAY 4

Kathy Bates

Keynote Speaker

Academy Award-winning actress Kathy Bates will deliver the keynote address at the ASBrS 2019 Annual Meeting. Honored numerous times for her work, Ms. Bates is an undeniable force on stage, screen, and television.

For the past several years, Kathy Bates has served as a spokesperson for the Lymphatic Education and Research Network (LE&RN). LE&RN is an internationally recognized non-profit organization founded in 1998 to fight lymphatic diseases and lymphedema through education, research, and

advocacy. With chapters throughout the world, LE&RN seeks to accelerate the prevention, treatment, and cure of these diseases while bringing patients and medical professionals together to address the unmet needs surrounding lymphatic diseases, which include lymphedema and lipedema.

Kathy Bates developed lymphedema in both arms following a double mastectomy. The Society is honored to have Ms. Bates share her personal experiences living with the disease.

6:15 ам-7:45 ам

BREAKFAST INDUSTRY SYMPOSIA

 Virtual Cadaver Hands-On Workshop: Identifying Breast and Abdominal Planes for Surgical Infiltration to Manage Post-Surgical Pain

Albert Einstein College of Medicine Coronado A

- Advanced Utilization of Wire-Free Technology from Biopsy to Surgery Cianna Medical, Powered by Merit Medical Wedgwood Ballroom
- BioZorb® and a New Way to 5-day Hologic

Chantilly Ballroom West

 On the Cusp of the Era of Immuno-Oncology in Triple-Negative Breast Cancer: Rational Strategies to Make the Most of Immunotherapies and Other Effective Treatment Modalities Throughout the Disease Continuum

Peerview Institute Coronado B, C, D

NOTE: Satellite symposia are supported by industry through marketing grants. They are not part of the official program of the ASBrS. CME credits for these programs, if applicable, will not be provided by the ASBrS. These activities are free to all registered attendees.

Trinity Ballroom		
8:00 ам-8:10 ам	The American Society of Breast Surgeons Lifetime Achievement Award	Presented by Walton Taylor, MD
8:10 ам-9:15 ам	Practical Considerations for Systemic Treatment	Moderator: Peter Blumencrantz, MD
	▶ Use of Genomic Profiling to De-escalate Breast Cancer Therapy	Judy Boughey, MD
	 Strategies for Targeted Axillary Dissection Following Neoadjuvant Systemic Therapy 	Barry Rosen, MD
	► Breast Cancer Immunotherapy and Surgical Implications	Elizabeth Mittendorf, MD
9:15 ам-9:45 ам	Break in Exhibit Hall	
9:45 ам-10:30 ам	Best Breast Papers of 2018	Helen Pass, MD
10:30 ам-11:15 ам	Breast Imaging Update	Moderator: Susan Boolbol, MD
	▶ Impact of Breast Density on Breast Cancer Risk	Molly Sebastian, MD
	Balancing High-risk Screening With Gadolinium Risk: Optimal Protocols	Brigid Killelea, MD
	 Breast Imaging Primer for Surgeons: Interpretation and Surgical Planning 	Toni Storm-Dickerson, MD
	▶ Lesion Localization Strategies: Beyond the Wire	Jill Dietz, MD

SATURDAY, MAY 4

11:15 АМ-12:00 РМ

KEYNOTE ADDRESS

Kathy Bates, LE&RN Spokesperson and Academy Award-Winning Actress Introduction by Walton Taylor, MD and William Repicci,
Lymphatic Education & Research Network (LE&RN)

12:00 рм-1:30 рм

Lunch in Exhibit Hall Trinity Exhibit Hall

1:30 PM-3:15 PM

Scientific Oral Presentations II

- Preliminary results of a multi-center feasibility trial for real-time, intraoperative detection of residual breast cancer in lumpectomy cavity margins using the LUM Imaging System
- The role of loco-regional treatment in long-term quality of life in de novo stage IV breast cancer patients; Protocol MF07-01Q
- Neoadjuvant endocrine therapy vs chemotherapy in node-positive invasive lobular carcinoma
- Same-day surgery for mastectomy patients in Alberta:
 a perioperative care pathway and quality improvement initiative
- Is Routine Oncotype Testing in Patients Over 70 Years of Age Warranted?
 An Evaluation of the National Cancer Data Base after TAILORx
- Evaluation of Hormonal Profile of Breast Cancer using 16 A-18 F-Fluro-Estradiol PET CT: A novel technique
- Sexual Dysfunction in Survivorship; the Impact of Menopause and Endocrine Therapy
- DCIS with Microinvasion: Is it in situ or invasive disease?
- A Comparison of Patient-Reported Outcomes after Breast-Conserving Surgery and Mastectomy with Implant Breast Reconstruction
- Outcomes of >1300 Nipple-Sparing Mastectomies with Immediate Reconstruction: The Impact of Expanding Indications on Complications

Break in Exhibit Hall Trinity Exhibit Hall

Scientific Session Abstracts

All scientific abstracts presented, either orally or as a poster, at this year's meeting can be viewed as follows:

- Through the ASBrS Annual Meetings mobile app (See page 3.)
- On the 2019 Annual Meeting page of the Society website (Click on "2019 Official Proceedings.")
- ASBrS 2019 meeting abstracts are embargoed until May 2 at 11:30 AM CT.

SATURDAY, MAY 4

3:45 рм-4:40 рм

Quickshot Presentations

- Are we Overtreating Hormone Receptor Positive Breast Cancer with Neoadjuvant Chemotherapy? Correlating OncotypeDx® Results with Tumor Response in Patients Undergoing Neoadjuvant Chemotherapy
- Effect of surgery type on time to adjuvant chemotherapy and impact of delay on breast cancer survival: A national cancer database analysis
- Exploring Surgeon Variability in Recommendations for Contralateral Prophylactic Mastectomy: What Matters Most?
- Utility of Second Sentinel Lymph Node Biopsy for Patients with cN0 Ipsilateral Breast Cancer Recurrence after an Initial Sentinel Lymph Node Biopsy
- Value of Sentinel Lymph Node Biopsy for Microinvasive Breast Cancer
- p16 as a Biomarker to Distinguish Atypical Ductal Hyperplasia from Ductal Carcinoma in Situ and to Predict Breast Cancer Progression
- The "Nipple Whipple"?! A Pilot Study to Assess the Ergonomic Effects of Nipple-Sparing Mastectomy
- National Patterns of Nipple-Sparing Mastectomy for Breast Cancer, 2005-2015
- Provider Perspective: Fertility Preservation Discussions in Premenopausal Breast Cancer Patients
- Distress characterizing what causes the thermometer to rise in patients with newly diagnosed breast cancer attending a multidisciplinary clinic

Moderators: Katherina Zabicki Calvillo, MD Richard White, Jr., MD

Endomag

Genentech, Inc. Genomic Health, Inc.

Hologic, Inc. IceCure Medical, Inc. ImpediMed, Inc.

KCI, An Acelity Company

Medtronic

Merck & Co., Inc. Myriad Genetics, Inc.

Stryker

Exhibitor Registration Hours

Trinity Prefunction

Wednesday	8:00 ам-5:00 рм
Thursday	8:00 ам-7:30 рм
Friday	8:00 ам-5:00 рм
Saturday	8:00 AM-2:00 PM

Exhibit Hall Hours, General Session Breaks and Lunch Schedule for the Exhibit Hall

Trinity Exhibit Hall

Thursday, May 2
Opening Reception 7:30 PM-9:00 PM

Friday, May 3

Exhibit Hall Hours	9:00 ам-4:00 рм
AM Break	9:30 ам-10:00 ам
Lunch	Noon–1:00 РМ
PM Break	3:30 PM-4:00 PM

Saturday, May 4

Exhibit Hall Hours	9:00 ам-4:00 рм
AM Break	9:15 ам-9:45 ам
Lunch	Noon–1:30 рм
PM Break	3·15 PM-3·45 PM

NEW: Fellows Lounge

Fellows will be able to meet with society leaders and network with their peers during breaks and lunch on Friday and Saturday.*

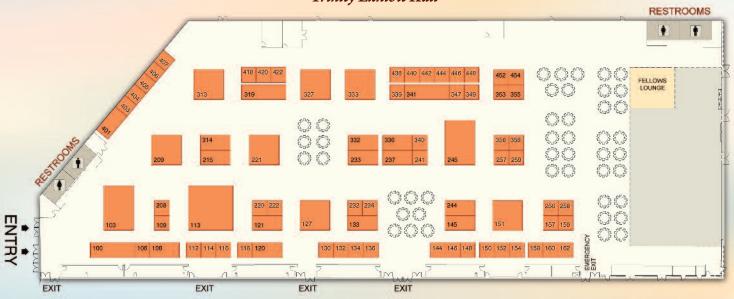

*The Fellows Lounge is supported by Genomic Health, Inc., through a marketing grant.

COMMERCIAL EXHIBITS AND SUPPORTERS

Exhibit Hall

Trinity Exhibit Hall

List of Exhibitors (as of April 5, 2019)

Company Name	Booth No.
Agendia	109
Ambry Genetics, Inc	241
American Breast Care	152
American College of Surgeons – Cancer Programs	404
Amoena	130
Applied Medical	136
BD/Bard Biopsy Systems	221
Best Medical International	245
Biom'up	442
Biotheranostics	339
Bocca	440
Boiron	448
BOSS Instruments, ltd	220
Cardinal Health	133
Care Wise (c/o Southern Scientific Limited)	340
Carl Zeiss Meditec. Inc	112
Chison Medical Technologies Co.,Lt	:d438
Cianna Medical,	242
Powered by Merit Medical	
CMR Naviscan Corporation	259
Concure Oncology / Breast Microseed Treatment	358
ConMed Advanced Surgical Division	n401
Dilon Technologies Inc.	158
Dune Medical Devices, Inc	127
Elsevier, Inc	256

Company Name	Booth No.
Elucent Medical	341
Endomag	327
Evolve Med Tech	355
Fujifilm SonoSite	232
GE Healthcare	258
Genomic Health, Inc	233
Healing Consciousness Foundation	405
Hitachi Healthcare	215
Hologic, Inc	103
IceCure Medical, Inc	314
IER Innovations	444
ImpediMed, Inc.	100
Infinity Massage Chairs	452
Intramedical Imaging	418
IntraOp Medical Corporation	244
Invitae	144
Jeunesse Innovations	446
Kaiser Permanente	150
KCI, An Acelity Company	157
Kubtec Medical Imaging, Inc	151
Mammotome	333
Lumicell	114
Lymphatic Education & Research Network	406
Masthead	
Marena Recovery	
MedNeon	
Medtronic	

Company Name	Booth No.
Merck & Co., Inc	108
Mitaka USA, Inc	349
Myriad Genetics, Inc	209
OBP Medical, Inc	336
OptumCare Breast Care	160
Pacira Pharmaceuticals, Inc	237
Pathy Medical, LLC	422
Perimeter Medical Imaging	356
Phillips Ultrasound	
Prairie Wear Ltd	420
PreludeDx	120
Prevea Health	162
Progeny Genetics	118
Ronin Surgical Corporation	132
School of Oncoplastic Surgery	148
Seimens Healthineers	154
Silbiotech, Inc	347
Stryker	113
Tactile Medical	403
Terason Corporation	222
The US Oncology Network	116
TransMed7, LLC	145
TS Medical USA	454
Vector Surgical	332
Volpara Solutions	257
Wolters Kluwer	208
Xoft, a subsidiary of iCAD Inc	121

ENGINEERED TO LEAD

in Core Needle Biopsy

Unparalleled procedural versatility from a comprehensive core needle offering two firing modes and two penetration depths.

BARD MARQUEE Disposable Core Biopsy Instrument

penetration depth that offers you a choice between 18 mm and 25 mm for additional control.

Visit us at Booth #221

Please consult product labels and inserts for complete indications, contraindications, hazards, warnings, precautions and directions for use.

In High-risk Breast Cancera

Neoadjuvant Therapy+Surgery Together

Preoperative systemic therapy may benefit certain high-risk breast cancer patients^{1,2,a}

Potential preoperative benefits include^{3,b}:

- · Downstaging the tumor
- Breast conservation
- Assessment of tumor response to systemic therapy

Potential long-term benefits in neoadjuvant patients who achieved a pCR (vs those who did not) include^{3,b}:

- Favorable event-free survival
- · Favorable overall survival

Patients with more aggressive subtypes have been shown to have an increased likelihood of achieving a pCR.²

Consider neoadjuvant therapy

for high-risk patients, such as stage II and III TNBC and HER2+ breast cancer patients^{1,3,a} Learn more at WhyNeoadjuvant.com

CTNeoBC = Collaborative Trials in Neoadjuvant Breast Cancer; EFS = event-free survival; HER2 = human epidermal growth factor receptor 2; OS = overall survival; pCR = pathological complete response; TNBC = triple-negative breast cancer. Published October 2014. Accessed March 14, 2019.

a"High-risk" defined as early-stage breast cancer patients who have a high risk of distant disease recurrence and death despite use of optimal modern local and systemic adjuvant therapy.⁴

^{*}CTNeoBC pooled analysis: 12 international trials of 11,955 patients with breast cancer treated with preoperative chemotherapy followed by surgery, with available data for EFS, OS, and pCR; pCR was not the primary end point for evaluation. Three most commonly used definitions of pCR were evaluated for their association with EFS or OS. Patients who attained pCR demonstrated improved EFS and OS vs those who had residual disease. The prognostic value was greatest in aggressive tumor subtypes, particularly TNBC and HER2+.2
