

Scientific Program

If you will be presenting at the 2018 meeting, please review the following information:

Quick Links:

- **Scientific Session Oral Presentations**
- **Quickshot Presentations**
- **Poster Session Presentations**
- **“How I Do It” Video Presentations**

Meeting Registration

All presenters are required to register for the 19th Annual Meeting general session.

Opportunities for Publication

- Accepted abstracts will be published online in the *Annals of Surgical Oncology*.
- Authors of abstracts accepted for Oral and Quick Shot presentation and selected poster presentations are invited to submit a manuscript for possible publication in the October issue of the *Annals of Surgical Oncology*. All manuscripts must be submitted by April 23, 2018. No extensions will be given for this deadline.
- Fellows, residents, and medical trainees presenting an Oral or Quick Shot presentation are required to submit a manuscript for possible publication in the October issue of the *Annals of Surgical Oncology* in order to be considered for the George Peters Award or Outstanding Scientific Presentation Award. All manuscripts must be submitted by April 23, 2018. No extensions will be given for this deadline. If a manuscript is not submitted, they will not be eligible for either of these awards.

Award Details

Oral and Quick Shot presentations by a breast fellow will be considered for the following:

- **The George Peters Award** for the best abstract presented by a breast fellow. (Fellows eligible for this award are required to submit a manuscript to *Annals of Surgical Oncology* by April 23, 2018.) This award was established by the Society to honor Dr. George N. Peters, who was instrumental in bringing together the Susan G. Komen Breast Cancer Foundation, The American Society of Breast Surgeons, the American Society of Breast Disease, and the Society of Surgical Oncology to develop educational objectives for breast fellowships. The educational objectives were first used to award Komen Interdisciplinary Breast Fellowships. Subsequently the curriculum was used for the breast fellowship credentialing process that has led to the development of a nationwide matching program for breast fellowships. The winner of the George Peters Award receives \$1000 and a plaque.

Oral and Quick Shot presentations by a fellow, resident, or medical trainee will be considered for the following:

- **The Outstanding Scientific Presentation Award** for the best paper presented by a medical student, resident, or fellow. (Medical students, residents, or fellows eligible for this award are required to submit a manuscript to *Annals of Surgical Oncology* by April 23, 2018.) The winner of the Outstanding Scientific Presentation Award receives \$500 and a plaque.

All Oral presentations will be considered for the following:

- **The Scientific Impact Award** for the best paper as voted on by the audience. The winner of the Scientific Impact Award receives a plaque.

A prize of \$1,000 will be granted to the winner of the George Peters Award and \$500 to the winner of the Outstanding Scientific Presentation Award—both of which are supported by The American Society of Breast Surgeons Foundation.

Scientific Session Oral Presentations

Presentation Upload

You should have received an email with instructions for uploading your presentation online in advance of the meeting. However, please keep in mind that even if you have uploaded your file, **you still must check in at the onsite speaker ready room, located in Cordova 4, upon your arrival or a minimum of 4 hours prior to your session.** There you will meet with an AV tech who will ask that you review your presentation(s) and ensure that features such as bullets, outlines, animations, etc., appear as intended. If you have not uploaded your presentation in advance, you must do so in the onsite speaker ready room **at least 4 hours before your session.**

Presentation Timing

During the scientific session, each presenter will be given 6 minutes for their oral presentation followed by 2-3 minutes for questions.

Awards

- All oral presenters are eligible for the Scientific Impact Award.
- Fellows, residents, and medical trainees who submit a manuscript will also be eligible for the George Peters Award (fellows only) and the Scientific Presentation Award (fellows, residents, and medical trainees). **The manuscript deadline is April 23, 2018.**
- The awards will be presented during the President's Reception on Saturday, May 5. Award winners will be announced promptly at 6:30 pm. You are encouraged to attend if you will still be in Orlando on Saturday night.

Scientific Session Oral Presentations Schedule

Friday, May 4, from 2:15 pm to 3:30 pm Scientific Session Oral Presentations I
Moderators: Judy Boughey, MD; Mahmoud El-Tamer, MD

1. Lymph Node Status Does Not Predict Tumor Biology
Danielle Bello, Memorial Sloan Kettering Cancer Center
2. Local Recurrence Rates After Breast Conserving Therapy in Patients Receiving Modern Era Therapy
Heather Neuman, University of Wisconsin School of Medicine and Public Health
3. Chronic Pain After Breast Surgery: A Prospective Observational Trial
Tara Spivey, Massachusetts General, Brigham and Women's, and Dana-Farber Cancer Institute (Breast Fellow)
4. HBOC patients who do not meet Medicare criteria for genetic testing have similar rates of clinically actionable findings as those who do meet criteria.
Jennifer Axilbund, Invitae
5. Are Genetic Testing Guidelines Still Relevant?
Peter Beitsch, Dallas Surgical Group

Saturday, May 5, from 2:00 pm to 3:15 pm Scientific Session Oral Presentations II
Moderators: Judy Boughey, MD; Roshni Rao, MD

1. Axillary Nodal Evaluation in Elderly Breast Cancer Patients: Potential Effects on Treatment Decisions and Survival
Nina Tamirisa, Duke University Medical Center
2. The feasibility of breast-conserving surgery for multiple ipsilateral breast cancer: An initial report from ACOSOG Z11102 Alliance trial

- Kari Rosenkranz, Dartmouth Hitchcock Medical Center
3. The Impact of Post-Mastectomy Chest Wall Radiation on Prepectoral Implant-Based Breast Reconstruction
Anke Young, Yale New Haven Hospital
 4. Long-Term Patient Satisfaction After Nipple-Sparing Mastectomy and Conventional Mastectomy with Reconstruction Does Not Differ Significantly
Anya Romanoff, Memorial Sloan Kettering Cancer Center
 5. Is Age Trumping Genetic Profiling in Clinical Practice? Relationship of Chemotherapy Recommendation and Oncotype DX Recurrence Score in Patients <50 versus >50 and Trends Over Time.
Austin Williams, Perelman School of Medicine, University of Pennsylvania

Quickshot Presentations

Presentation Instructions

You should have received an email with instructions for uploading your presentation online in advance of the meeting. However, please keep in mind that even if you have uploaded your file, **you still must check in at the onsite speaker ready room, located in Cordova 4, upon your arrival or a minimum of 4 hours prior to your session.** There you will meet with an AV tech who will ask that you review your presentation(s) and ensure that features such as bullets, outlines, animations, etc., appear as intended. If you have not uploaded your presentation in advance, you must do so in the onsite speaker ready room **at least 4 hours before your session.**

Presentation Timing

- Each presenter will be given 3 minutes for their oral presentation followed by 2 minutes for questions.

Awards

- Fellows, residents, and medical trainees who submit a manuscript will also be eligible for the George Peters Award (fellows only) and the Scientific Presentation Award (fellows, residents, and medical trainees). **The manuscript deadline is April 23, 2018.**
- The awards will be presented during the President's Reception on Saturday, May 5. Award winners will be announced promptly at 6:30 pm. You are encouraged to attend if you will still be in Orlando on Saturday night.

Quickshot Presentation Schedule

Saturday, May 5, from Noon to 1:30 pm

Moderators: Jill Dietz, MD; Henry Kuerer, MD

1. Oncotype DX® Recurrence Score as a Predictor of Response to Neoadjuvant Chemotherapy
Ryan Gruner, Beth Israel Deaconess Medical Center
2. Association of 21-gene Recurrence Score results with surgical intervention received after neoadjuvant hormonal therapy: Secondary endpoints of the TransNEOS validation study
Hiroji Iwata, Aichi Cancer Center Hospital, Japan
3. Utility of Expedited Hereditary Cancer Testing In Surgical Management of Newly Diagnosed Breast Cancer Patients
Darrow Speyer, GeneDx
4. Patient Preferences for DCIS Treatment Strategies: A Discrete-Choice Experiment
Brittany Campbell, Duke University School of Medicine
5. Predicting non-sentinel lymph node metastases in patients with a positive sentinel lymph node after neoadjuvant chemotherapy
Alison Barron, Mayo Clinic
6. Prospective Evaluation Of Quality Of Life For Patients With Breast Cancer Treated With Breast Conserving Surgery, Mastectomy Alone And Mastectomy With Immediate Breast Reconstruction
Helene Retrouvey, University of Toronto
7. No change in contralateral prophylactic mastectomy rates after implementation of a patient educational handout based on the 2016 ASBrS consensus statement: an ongoing quality improvement initiative

- Lacey Stelle, Anne Arundel Medical Center
8. Multidisciplinary Margin Assessment Reduces Number of Positive Margins
Sarah Tevis, MD Anderson Cancer Center
 9. Litigation for Breast Cancer Care: Delay in Diagnosis Continues to Top the Chart
Brittany Murphy, Mayo Clinic
 10. Reducing Breast Cancer Related Lymphedema (BCRL) Through Prospective Surveillance Monitoring Using Bioimpedance Spectroscopy (BIS) and Patient Directed Self-Interventions
Lyndsey Kilgore, University of Kansas Health System

Poster Session Presentations

Scientific Poster Session and Receptions will be held on Friday, May 4 and Saturday, May 5. Posters will be grouped by topic. The top 12 posters will be available on Friday and Saturday. **New for 2018:** Moderated poster discussion of the top 12 abstracts using ePoster video display monitors will be held during Friday's poster session and reception.

Friday, May 4, Poster Session and Reception

Time: 6:00 pm–7:30 pm

Location: Palazzo Ballroom

Saturday, May 5, Poster Session and Reception

Time: 7:30 pm – 8:30 pm

Location: Palazzo Ballroom

Poster Instructions

- The American Society of Breast Surgeons will provide an 8-foot-wide by 4-foot-high (96" w x 48" h) carpeted, framed board on which to mount your poster, as well as the necessary thumbtacks.
- We are partnering with [Call4Posters](#) for poster printing; however, you are not required to use [Call4Posters](#).
- There are no guidelines regarding the layout or size of your poster, other than it must fit on the above-described board.
- You must include your abstract number on your poster.
- Your abstract presenter must be available to discuss the poster with interested meeting attendees during your assigned reception. If more than 1 poster has been accepted from your institution, please have a representative available at each poster.

Friday Session Poster Set-up/Removal

- You may hang your poster any time after 12:00 pm on Friday, May 4.
- A specific poster board will be assigned to you and marked with presenter name, abstract title, and a board number.
- Your poster must be on display by the beginning of the poster session.
- Posters must be removed immediately following the reception. **Any poster still on a board after the session will be discarded.**

Saturday Session Poster Set-up/Removal

- You may hang your poster any time after 12:00 pm on Saturday, May 5.
- A specific poster board will be assigned to you and marked with presenter name, abstract title, and a board number.
- Your poster must be on display by the beginning of the poster session.
- Posters must be removed immediately following the reception. **Any poster still on a board after the session will be discarded.**

Call4Posters Pick Up

- The [Call4Posters](#) pick up desk will be at the Palazzo Ballroom.
- Poster pick up hours:
 - o 12:00 pm - 4:30 pm on Friday, May 4

Poster Gallery

- Please submit your poster to jschlosnagle@breastsurgeons.org by April 23rd for inclusion in the online poster gallery.
- The gallery will be live on Thursday, May 3rd through the end of the year.

- Requirements: Submit a .pdf file of your poster. Include your poster id number in the file name.

“How I Do It” Video Presentations

Presentation Instructions

You should have received an email with instructions for uploading your presentation online in advance of the meeting. However, please keep in mind that even if you have uploaded your file, **you still must check in at the onsite speaker ready room, located in Cordova 4, upon your arrival or a minimum of 4 hours prior to your session.** There you will meet with an AV tech who will ask that you review your presentation(s) and ensure that features such as bullets, outlines, animations, etc., appear as intended. If you have not uploaded your presentation in advance, you must do so in the onsite speaker ready room **at least 4 hours before your session.**

“How I Do It” Videos Presentation Schedule

Saturday, April 29 from 1:30 pm–2:00 pm

Moderator: Mehra Golshan, MD

1. Magseed localized Round block resection and sentinel node biopsy
Jill Dietz, University Hospitals of Cleveland /Case Western Reserve University
2. Oncoplastic surgery with immediate CU flap nipple reconstruction for centrally located multifocal breast cancer
Abhishek Chatterjee, Tufts Medical Center
3. Triple Mapping to Optimize Axillary Management in Breast Cancer Patients after Neoadjuvant Therapy
Sabrina Shilad, Cleveland Clinic Foundation
4. Prepectoral Implant Reconstruction After Nipple-Sparing Mastectomy
Preya Ananthakrishnan, White Plains Hospital
