

# Giving you more to succeed

Intermediate Oncoplastic  
Techniques teleconference

**May 8, 2021**

## Course description

**We're taking our MedEd programs virtual. Whether you are in the office, the O.R. or at home, our team is here for you.**

Led by distinguished faculty, this intermediate course is intended for breast and plastic surgeons who are already proficient in basic oncoplastic techniques and want to advance their oncoplastic skills.

Through live lectures, group discussions and training videos, attendees will be exposed to level II/intermediate oncoplastic techniques including marking, technique selection, oncoplastic mastopexy/reduction, nipple-sparing mastectomy, and optimizing outcomes through a team approach

**Register here**
