

# Join Us for a **COMPLIMENTARY** Webinar!

## Intraoperative Margin Evaluation of Breast Specimens: A multi-disciplinary approach and the role of specimen imaging

### When:

**Monday, July 19, 2021**

**4:30PM PDT (7:30PM EDT)**

[Register Here](#)

### A multidisciplinary panel will discuss:

- The importance of **intraoperative specimen** and **margin assessments**
- The impact of **maintaining control** over **specimen orientation**, and **specimen imaging workflow** for a surgical excision

This includes **case studies** and perspectives from a pathologist, a pathologist assistant and a surgeon as they discuss the technology, how it works and the impact of **specimen radiography** on **efficiency, grossing** and other **related topics**.

Our panelists will address your questions **live**.

### Panelists:

**Anthony Lucci, MD, FACS** *Moderator*  
Breast Surgeon; Professor, Dept. of Breast Surgical Oncology, The University of Texas MD Anderson Cancer Center

**Aysegul Sahin, MD**  
Pathologist; Professor, Dept. of Pathology, Division of Pathology/Lab Medicine, The University of Texas MD Anderson Cancer Center

**Hollis Notgrass, MS, PA(ASCP)**  
Lead Pathologists Assistant, UT Southwestern Medical Center
