

Dear Colleague:

On behalf of the Society's leadership, I would like to formally invite you to attend the American Society of Breast Surgeons 27th Annual Meeting, April 29–May 3, 2026, at the Seattle Convention Center, Seattle, Washington. This meeting will feature scientific presentations, commercial exhibits, and networking opportunities. We are expecting 1700+ medical professionals, including general surgeons, surgical oncologists, plastic surgeons, radiologists, medical oncologists, and allied health professionals to join us.

The American Society of Breast Surgeons, the primary leadership organization for general surgeons who treat patients with breast disease, is committed to continually improving the practice of breast surgery by serving as an advocate for surgeons who seek excellence in the care of breast patients. Our mission is accomplished by providing a forum for the exchange of ideas and by promoting education, research, and the development of advanced surgical techniques.

The Society's educational programs serve the professional needs and interests of our membership and our annual meeting is the premier event in the breast surgery community. The research and education presented at our meetings enhance the knowledge of those who attend, thereby advancing high-quality surgical care of the breast patient.

Detailed information about the program, including registration and housing details, is now available on our website at [www.breastsurgeons.org](http://www.breastsurgeons.org).

If you have any questions, please do not hesitate to contact the Society at (410) 381-9500. Thank you and we look forward to your participation.

Sincerely,

A handwritten signature in black ink, appearing to read 'Dfarr'.

Deborah Farr, MD, FACS  
Program Chair, ASBrS 27th Annual Meeting
